#### Release Notes:

We first discovered this when Noir recieved the promo from Ten Ven. Noir then started spreading the word about his love for this new "Ten Ven" act and shortly after we were generously offered to release it on Noir Music.

We did not hesitate for a second to sign this and we are delighted to be able to present such a great 4-tracker on the label from a new and exciting act. Not only do we believe that Ten Ven could be the next big thing but we also strongly believe that these solid house grooves might lead the way of the changes in the underground this year. Its a throw-back to french and filtered house as it started out more than 20 years ago melted into todays production techniques. It's super refreshing to hear this sound again and we promise there's more to come over the summer period.
